TABLE SKIRTING

We offer you the best options for dressing up your tables to get an elegant style and effective functioning for your events. Our stage and table skirtings are offered in 5 different pleat types; Box pleat, Diamond, Butterfly, Accordion, Plisse and without pleat, all produced by automatic pleating machines. We also offer a Dual Height Skirting. All pleat types are available in any size and dimension. Our automated system guarantees a precise and neat look thus a professional image.

Evento also provides a wide range of colours and fabric types to meet our client's specific decoration requirements.

TABLE SKIRTING

The Dual Height Skirting as seen here on the left side, can be used on 2 different heights. The front skirting has a 250% boxpleat, but can be produced according to any requested pleating style and is fixed on 1 height. The back skirting is produced without a pleat. Once closed (see picture A) it is on the same height as the front skirting (with the Velcro attachment on the back side), once folded open (see picture B) it is on a longer height as requested by the client.

Dual Height Boxpleat 250%

Diamond 250%

Butterfly 300%

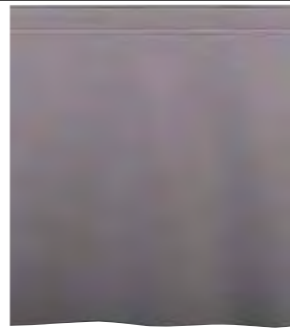

Plisse 180%

Boxpleat 250%

Accordion 200%

No Pleat

Valance without rosettes

Skirting

- Please check below mentioned drawing for calculating the exact size of your custom-made skirting
- Table height minus 1-2 cm is skirting height, in order for the skirting not to touch the floor
- Select the pleating style; every pleat has a different look as well as a different fabric usage, therefore different in price. Thanks to our automatic pleating machines we can make any percentage of pleat and sizes based upon the client's request.
 - Boxpleat; on 250% is a double pleat on a width of 8 cm.
 - Diamond; on 250% is a box pleat with a little trim just below the pleat.
 - Butterfly; on 300% is a box pleat in the middle with an accordion pleat on each side.
 - Accordion; on 200% is a single pleat on a width of 8 cm.
 - Plisse; on 180% is a single pleat on a width of 2 cm.
- Select the fabric; we have 4 different fabrics with various colours suitable for skirting and available from stock without any minimum quantity required.
 - Classic – 155 cm width – 100% Polyester, plain woven fabric
 - Jersey – 160 cm width – 100% Polyester, round knitted fabric
 - Heavy Jersey – 160 cm width - 100% Polyester, round knitted fabric
 - Senator – 180 cm width – 100% Polyester, knitted & brushed fabric
- Any other fabric request can be handled upon demand
- Please mention the requested quantity in order to provide you with the best possible prices
